U.S. Artificial Intelligence (AI) Team Members Bring Home Gold and Bronze Awards in the Inaugural Edition of International Olympiad in Artificial Intelligence (IOAI) held in Burgas, Bulgaria

08/14/2024

Two U.S. AI Teams were represented by eight traveling members at the first [International Olympiad in Artificial Intelligence \(IOAI\)](#), held during August 9–14, 2024 in Burgas, Bulgaria. Nearly 200 students from six continents and more than 30 countries, organized into over 40 teams, participated in the Olympiad.

The 2024 IOAI consisted of the scientific round and the practical round that challenged contestants to think critically, acquire both scientific and practical knowledge, provide them with a perspective on the vast possibilities in the field, and discuss with them as well as the broader community the moral and ethical questions associated with artificial intelligence.

Four members from Team 1 earned Gold Awards, and four members from Bronze Awards.

Team 1 members are:

- Sarang Goel
 - Senior, Texas Academy of Mathematics and Science, Denton, TX
 - Class of 2028, Stanford University
- Christina Luoluo Lee
 - Senior, Experimental High School Attached to Beijing Normal University, Beijing, CN

2025 IOAI

The 2025 IOAI will be hosted in Beijing, China.

About USAAIO

USAAIO is dedicated to

1. Organizing K-12 AI Olympiad contests.
2. Selecting, training, and sending Team USA for the international level Olympiads in AI, such as IOAI and IAIO.
3. Encouraging and educating K-12 students to gain knowledge of AI and develop skills in using and improving AI.
